

Florida Aviation Network Presents Sky Insights - Mountain Weather on Plane Time 35!

Event Details

The Florida Aviation Network (FAN) is broadcasting this popular multi-part aviation safety talk show that is recorded "Live". All aspects of aviation could be discussed; however, "Plane Time" frequently emphasizes often-overlooked facets of the aviation industry. Make time to view and enjoy "Plane Time" - It might even save your life. Watch with a friend! Special guest for this final segment of the day is our regular feature called "Sky Insights" with Dr. George Bartuska, PhD. Dr. Bartuska will talk about mountain flying weather. He will highlight the critical weather hazards of planning and conducting mountainous flight operations, and related aeronautical parameters and variables. Mountain Flying brings to bear a multitude of personal and aircraft performance variables, all affected by potentially extreme hazards of mountainous environments.

To simply watch an event, there is no registration
