

Light Sport Aircraft

The program will follow the regular meeting of the EAA Chapter 66 which begins at 7:30 pm. At 8:00 pm the public is welcome to attend the discussion focusing on Light Sport. What is a Light Sport Aircraft (LSA)? Which standard category airplanes meet the definition of Light Sport? How is the Sport Pilot certificate different? How does the maintenance differ? We will also address some of the reasons for the higher accident rates involving these type of aircraft.

Directions: The Landing View Road access gate is located on the East side of Page Field. Landing View Road runs off of Metro Avenue.

A message from the National FAASTeam Manager

Over 136,600 pilots earned WINGS credits last year. Will you, this year?
