South Florida FAASTeam, South Floeida FSDO SO19 presents:

Never Turn Back! Engine Failure After Takeoff!

Never Turn Back! Engine Failure After Takeoff! Join us as we go through an aerial exercise that will heighten pilot awareness, increases familiarization with the aircraft flown and build confidence in handling critical inflight situations during the take-off phase. What options are reasonable and when may a "turn back" be feasible. The improvement in a pilot's perception following the practice of this exercise is noteworthy.

Back by popular demand, this award winning seminar will cover strategies for recovery from engine failure in a single engine aircraft immediately after takeoff. The instructors will cover hard data gathered from local incidents and teach you how to use this knowledge to your advantage if this ever happens to you. What factors lead up to these engine failures and what might the pilot have done to reduce the incidents from occurring. We'll cover preflight items as well as preventative maintenance and discuss why an ignition stress test is a far more exact and revealing method of discovering hidden ignition problems.

Come on out, learn the facts and become a safer more knowledgeable pilot.

Event Details

Thu, Mar 6, 2014 - 7:00 pm Naples Pilot Lounge

252 Aviation Drive South Building 1100 Naples, FL 34104

Contact: H. Matt Simpson (239) 643-4554 FlyMatt2Bermuda@att.net

Select #: SO1953433 Lead Representative Harrison Matthew Simpson *Directions:* Aviation Drive South runs off Airport-Pulling Road, located on the East quadrant of the Naples Municipal Airport.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area. Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
