

Mastering Cross Wind Landings

This will be a forum for pilots to discuss with each other and several local flight instructors the challenges of crosswind landings. Introductions, short PowerPoint, and then an open discussion to help pilots recognize their strengths and weaknesses with regard to their cross wind landing capabilities.

Directions: US 1 into Marathon, the airport is on the north side of US 1, can't miss it. The Museum is at the East end of the airport right off of US 1. You can see it from the highway.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
