

How to Pass Your Medical

In this seminar, we will talk about medical requirements for pilots, proposed changes, special issuance and medications.

We will cover the new information about 3rd class medical - if it will get approved, information about common misconceptions with medications and flying, and performing a Flight Crew "Preflight".

We will have a demonstration, done by Dr. John Sciarrano, about "How to Pass your Medical". Also, update on the latest aviation information in South Florida.

Directions: Follow the attached map to the Broward college campus then proceed to the Southern Breeze Room behind the Cafe.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
