

FAASTeam and FSDO SO19 presents:

Drones flying around me

Drones sales are expected to top the list of this year's Christmas prestens. What should we know about it. In this seminar, we will hear an introduction to UAS.

We will learn about the Function of UAS, UAS integration in Urban areas, UAS Operation in the National Airspace System (A,B,C,D), FAA Regulations and certifications of UASs, General Systems and Components of USA Aircrafts, and Basic Aerodynamics / Preformance Limitations pertaining to UASs.

Also, we will hear about Operating Components of UAS, and UAS certificate and documents.

Directions: *Proceed to the intersection of NW 25th st. and NW 67th Ave;

*Head east on 25 st. and make the first right hand turn;

*This is the ramp to the roof parking area;

*On the roof, proceed to building 701;

*Take the elevator to the Mezzanine level;

*Proceed to room 214.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
