

Mastering the Art of Instrument Navigation

Mike Garrison, local DPE, will give a very valuable presentation on the use of all electronic displays in the cockpit during pilot check rides.

Directions: The access entrance road to the maintenance building is between East Ocean Blvd and Dixie Highway off of Monterey Rd on your left side. You will see the tower as you enter and it is the first building on your left. There is ample parking at the front of the building.
Please Note: Our meeting location has been changed to this new location.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
