

Emergencies Myth vs Reality

As the aviation system has become safer, have pilots themselves become safer? Join us while we look at The Startle Effect and how it can lead to disastrous decision-making. Learn ways to protect yourself and your passengers from the mental breakdowns that can occur during emergencies.

Directions: If you are on I-95, exit Pembroke Pines Blvd. WEST, then left into Broward College, left in the college, around all the parking lots, till the LAST building, that, would be Number 66. Come in.
