

FAASTeam & FSDO 19 presents:

Changes in our Airspace

In this 2 hours seminar, we will hear 3 speakers, with 2 different subjects:

We are fast approaching our VIP TFR season. Time to reach out to you as our flying community for pilot briefings on TFR and procedures so that you can avoid being a violator. This season will get complicated with presidential campaigning and Super Bowl LIV, in Miami producing additional TFR's.

These briefings do make an impact in understanding and assisting in the reduction of TFR violations.

We will continue this with a discussion of FAA proposed airspace modifications and changes to Class B and C airspace in Southeast Florida.

Directions: If you are on I-95, exit Pembroke Pines Blvd. WEST, then left into Broward College, left in the college, around all the parking lots, till the LAST building, that, would be Number 66. Come in.

A message from the National FAASafety Team Manager
