

South Florida Topics Of The Month

TOPIC 1: General Aviation Operations Over Water

Studies suggest that planning and knowledge of over-water Pre and In-Flight processes and procedures can reduce the frequency of water landings (ditching) and the severity of consequences should a pilot be forced to ditch.

TOPIC 2: Approval for Return to Service

Pilots often have an incomplete awareness of their responsibilities for the airworthiness of the aircraft they fly. That lack of awareness can lead to accepting unairworthy aircraft for flight operations. This presentation explains the importance of proper return to service determination and documentation.

If you are on I-95, exit Pembroke Pines Blvd. WEST, then left into Broward College, left in the college, around all the parking lots, till the LAST building, that, would be Number 66. Come in.

Event Details

Tue, Jul 15, 2025 at 18:00 EST

Broward College South Campus

7200 Pines Blvd.

Building 66, room 139/156

Hollywood, FL
