

Miami International Airport Runway Safety Action Team Meeting

Runway incursions remain a serious concern nationally. One important component of our ongoing efforts to improve surface safety at **Miami International Airport** involves conducting a Runway Safety Action Team (RSAT) meeting at least once each year with airport management. The purpose of this RSAT meeting is to unite those individuals and organizations that are actively involved in air traffic operations and movement of aircraft, vehicles, and equipment on the Airport Operations Area (AOA).
