

What Went Wrong

In this seminar, we are going to learn what it takes to be an aircraft accident investigator, explore several accidents together, and determine what happened, why it happened, and how to prevent it happening in the future.

So - fasten your seatbelts and put up tray tables into the full upright position, because you are in for an amazing presentation!

If you are on I-95, exit Pembroke Pines Blvd. WEST, then left into Broward College, left in the college, around all the parking lots, till the LAST building, that, would be Number 66. Come in.

A message from the National FAASTeam Manager
