

Boca Raton Pilots Meeting

We're pleased to welcome **Mike Ginter, Senior Vice President of the AOPA Air Safety Institute**, as our special guest speaker for the November 4th Boca Raton Pilots Association meeting.

Mike will kick things off with an update on the issues affecting general aviation today, including AOPA's advocacy efforts on Capitol Hill, the latest developments with MOSAIC, the transition to unleaded 100-octane aviation fuel, and AOPA's efforts to combat rising airport hangar rents.

He'll then turn his attention to a subject that matters to every pilot: Aviation Safety. Mike will examine the latest general aviation accident trends, what the statistics tell us, and how the AOPA Air Safety Institute is working to reduce accidents and make flying safer for everyone.
