

Tampa Bay FAASTeam presents:

Honoring our WWII Veterans: Action-packed Flying with a P-38 Pilot!

An evening presentation designed to inform and instruct us younger pilots and friends about what our WWII veterans went through to enable our freedoms to ring loudly. We will also be discussing human factors, "agressive" aerodynamics, and basic flying skills. Don't miss this!

Directions: East Flower Ave between N 46 St & N 50 St., opposite the University of South Florida (USF) - 3rd Floor in the Science Works room

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
