

Tampa FSDO presents:

FAASTeam Flight Instructor Open Forum

Meet Punta Gorda Airport Manager Rob Mallard and Punta Gorda Tower Manager Richard Reid and engage in productive dialogue about airport / air traffic operations in the local area. Learn about transitioning from classic analog instrumentation to glass cockpits from noted journalist and 30-year flight instructor Amy Laboda. Hear from Tampa FSDO Safety Inspector Dave Bear about safety initiatives in Southwest Florida.

The objective of CFI forum is to create an opportunity for aviation educators and evaluators to join forces in order to standardize and employ best practices during pilot training and evaluation. The goal is to provide a positive influence, and create a foundation upon which Forum attendees will want to build their own "Safety Culture" which they will then share with their students.

Directions: From I-75 exit North Jones Loop Road. Head east and make a left following signs to Punta Gorda Airport. EAA Chapter 565 Hangar is south of the General Aviation Fuel Pumps, south of the main terminal building. Parking is along the fence line.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
