

FAASTeam presents:

VMC and IMC Club Meeting

The EAA VMC and IMC Clubs, through the EAA's Chapter structure, provide organized "hangar flying" focused on building a safety consciousness among pilots. The program's network of local Chapters promotes a safety culture through education and real life experience. The monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips. When offered through the FAA Safety Program, these meetings provide informative presentations along with WINGS credit.

The format of a VMC or IMC Club meeting includes a brief introduction and viewing of a video and/or scenario followed by a round table discussion of the events depicted. Pilots of all aircraft and experience levels are welcome. Membership in an EAA Chapter, EAA VMC or IMC Club is not required to participate but it is highly recommended.

For more information and to take part in this event, please visit FAASafety.gov and register online. Due to the limited number of seats available, register early.

Event Details

Sat, Sep 15, 2018 - 11:00 EDT
Plant City Airport, Plant City,
Florida

4007 Airport Rd
Plant City, FL 33563
