

Breaking The Accident Chain

We will define the accident chain then analyze all of the situations a flight crew must consider in any flight from preflight preparation through mission completion. We will use the PAVE model from the FAA Risk Management Handbook to analyze all of those situations that the flight crew must consider in order to prepare for and execute a safe flight."Finally, we will review the chain of events that resulted in a fatal accident involving a student pilot and his instructor during a night cross country flight."

Directions: I-75 exit 193, take Jacaranda Blvd to Jacaranda Circle, follow E Venice Ave, follow 4 miles left onto Ave Des Parques s, and left onto w Venice Ave VASI personnel on site to assist participants to Council Room.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
