

FAASTeam; Tampa presents:

## **VMC Club Meeting - Stabilized Approaches**

EAA/VMC Club, through the EAA's global Chapter structure, provides organized "hangar flying" focused on building flying knowledge and skills. The program's network promotes a safety culture through continued education and believes that we develop safety and proficiency through education and real life experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips. Through the FAA Safety Program, aviation professionals provide informative WINGS presentations. Membership in the EAA/VMC Club is encouraged but not required to participate in this meeting. For more information and to take part in this event, click the link below and register TODAY! Meeting will last approximately 1-2 hours.

**Directions:** Parking is directly adjacent to the building. Enter the front doors and conference room is on the left. If flying in; request to park at the Regional Airport Admin Bldg. There is a parking area in front of the building.
