

Slips Skids Spins and Upsets- Avoiding Loss of Control in the Traffic Pattern and Beyond

Interactive, common-sense, presentation by experienced Aerobatic CFI discussing LOC accidents with emphasis on pattern ops. Basic and advanced aerodynamics relating to stalls and spins, and specific problem areas around the Traffic Pattern will be covered. Stall-Spin avoidance and recovery, and recovery from extreme unusual attitudes will also be discussed.

Directions: Meeting Room at Hangar Restaurant, Albert Whitted Airport. Second floor of Terminal Building.

Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines.
