Pilot Town Hall Discussion:
“Preventing General Aviation Fatal Accidents”

Dan Gryder is a Retired Airline Pilot and noted Safety Specialist who now runs a successful “fledgling” YouTube Channel “Probable Cause: Dan Gryder” dedicated to aviation safety with over 30,000 followers.

Attending this event qualifies individuals for “Wings Credit” under the FAA WINGS—Pilot Proficiency Program, whose goal is to reduce the number of accidents in General Aviation.

Everyone is welcome to fly-in or drive-in and bring friends and family to this fun and free event. If you are flying-in, please make parking arrangements in advance with Clearwater Airpark FBO. Discounted event fuel rates will apply.

Door prizes, and a voluntary raffle with amazing prizes to support aviation safety will be available. Raffle tickets will be available at the event for purchase.

Live Bluegrass music with Dan Gryder and Toby Rice, CFI and Master of the Fiddle and Mandolin!
