

SAFETY TOPIC for Aug 2024 Pre / In-Flight Weather Resources

The Carrabelle Flying Club Safety topic of the month for August 2024, will address the GAJSC recommendation that GA pilots be apprised of advances in weather technology that can enhance the safety of flight. In this program, we'll discuss automated resources that are available for you to conduct a pre-flight briefing. We also discuss weather information resources that are available to general aviation pilots in flight.

The presentation/discussion will be at X13 in the Carrabelle Flying Club (CFC) hangar, 4th on the left of Hangar Row just past the airport office. Please contact Bruce Graham (info below) for any assistance for access. Tie-downs and self serve 100LL fuel available.
