

# Federal Aviation Administration

April 27, 2026

Dear Airport Users,

Runway incursions remain a serious concern nationwide. As part of our ongoing commitment to enhancing surface safety at St. Pete-Clearwater International Airport (PIE), we invite you to participate in our Runway Safety Action Team (RSAT) meeting on:

Date: Thursday, June 4, 2026  
Time: 10:00 AM – 1:00 PM  
Location: PIE Airport Operations Conference Room, 2nd Floor, Terminal Building  
14700 Terminal Blvd #221, Clearwater, FL 33762

Can't make it in person? You can join us on Zoom. Just select the 'Virtual' option when you RSVP, and we'll email the meeting link to the email address you provide.

Why Attend?

The RSAT meeting brings together key stakeholders actively involved in air traffic operations and movement within the Airport Operations Area (AOA). This includes tenants, pilots, fixed-base operators (FBOs), airport operations and maintenance personnel, and other key partners. Together, we will identify challenges, discuss best practices, and develop actionable recommendations to enhance surface safety at PIE. Your insights will contribute to a Runway Safety Action Plan tailored to our airport.

We also encourage you to share this invitation with colleagues or contacts who may have an interest in runway safety initiatives within the PIE Airport Community.

Please RSVP by Thursday, May 28, 2026.

Please confirm your attendance by using the RSVP link below:
