

San Juan FSDO/FAA Team presents:

Pilot Proficiency - A Path to Safe Flying

We will review the importance of proficiency training and provide a structured approach to organize your proficiency training. There are many reasons supporting the importance of proficiency training. Loss of Control is the most lethal GA accident precursor. Proficiency Training and Flying can reduce the chances that control will be lost. Proficiency Training and Education are foundational to most professional endeavors. Good coaching can make it possible for pilots to fly at high levels of proficiency but regular training and practice are necessary to keep skill levels high.

In addition to inviting all pilots in the area, we encourage all CFIs to attend and recommend this event to their students. This event will earn credits for both Basic and Advanced WINGS phases.

Directions: THIS EVENT IS BEING HELD AT ISLA GRANDE FLYING SCHOOL IN THE UPSTAIRS CLASSROOM.

Proceed towards the Fernando Luis Ribas Dominicki Airport at Isla Grande, PR. As you enter the airport area, turn to the right to take the main road TO THE NORTH SIDE OF THE AIRPORT and continue on the road past the cruise ship ports until you reach the Isla Grande Flying School. The meeting will be held in the classroom on the 2nd floor.
