

SJU Tower presents:

SJU Runway Safety Action Team Meeting

Runway incursions remain a serious concern nationally. One important component of our ongoing efforts to improve surface safety at SJU Airport involves conducting a Runway Safety Action Team (RSAT) meeting at least once each year. In conjunction with airport management, we will be conducting a local RSAT meeting on:
Thursday, September 8, 2022

Aerostar ARFF Station + Virtual (Zoom)

Calle 6 Bldg. #8

Carolina PR 00979

09:00 AM - 12:00 PM

The purpose of this RSAT meeting is to unite those individuals and organizations that are actively involved in air traffic operations and movement of aircraft, vehicles and equipment on the Airport Operations Area (AOA). We look for participation from all major airport interests including tenants, fixed based operators, airport operations and maintenance personnel.

Participants are asked to help develop recommendations and solutions to enhance surface safety. Recommendations serve as the foundation for a site-specific Runway Safety Action Plan. You are cordially invited to join us.
