

Acosta Tech Celebrates Drone Safety Awareness Day

Acosta Tech's Drone Safety Awareness Day Event will include numerous educational briefings, practical workshops, aircraft displays, and live demonstrations. The day's activities are designed to bring together veteran drone pilots, model aircraft hobbyists, recreational fliers and their families and friends. This event will provide members of the drone community an opportunity to interact with peers and mentors while offering an environment that aims at enhancing their overall knowledge and skills. The main goal is for participants to acquire valuable information that will translate into safe and responsible drone operations in the National Airspace System (NAS).

The Barceloneta Olympic Natatorium Jose A. Pagan is located at Barceloneta's Barrio Palmas Altas, some five to ten minutes from "Expreso de Diego" (RTE 22) exit 55.
