

FAASTeam presents:

FAA Hypoxia Training in the PROTE December 7 thru 10

The PROTE (Portable Oxygen Training Enclosure) is a traveling altitude "chamber" which is capable of producing hypoxic environments at ground level by altering the fraction of ambient oxygen. This avoids some of the risks associated with pressurized altitude chamber training.

How to sign up-
Hypoxia training will be available at the Sugar Land Regional Airport from Dec 7 thru 10th. For a "flight time" reservation please send an email request to houstonfaasteam@gmail.com . Please include the following information: name, e-mail address, contact phone number, request for day and whether you prefer an AM or PM slot. Due to the number of pilots expected to participate we will do our best to grant your requested time.

Requirements-

1. You must be at least 18 years old.
2. Have a minimum 3rd class medical or Basic Med (if you are using Basic Med bring your most current physician checklist)
3. No signing up a "group" , each e-mail request should be for one individual.

Event Details

Thu, Dec 7, 2017 - 09:00 CST
Western Airways Located at
Sugar Land Regional Airport
100 Jim Davidson Dr.
Sugar Land, TX 77498
