

The Dumbest Thing I Ever Did with a Flying Machine

DATE CHANGE: Now Tuesday, 8/16:
Discussion of unusual occurrences, near-misses, mishaps, etc. from our personal experiences. Every attendee is asked to bring at least one example (CFI's and other "graybeards" should have more), but actual sharing is strictly voluntary.

Directions: None

Representative ROBERT BRADFORD GIBSON

A message from the National FAASafety Manager

Over 136,600 pilots earned WINGS credits last year. Will you, this year?
