

## Owner/Operator Maintenance

This is a seminar for Owners and Operators to learn more about preventive maintenance. We will discuss preventive maintenance items as well as documenting that maintenance. We will also discuss what to expect from your mechanic.

**Directions:** Driving directions: Proceed to the Four Corners Regional airport via Navajo Street; continue until you get to the security gate next to the airport fire station. Someone will be there to open the gate. Continue west to the CAP hanger located on the west ramp. Hangar phone number: 505-327-3721

Flying directions: Taxi to the CAP hanger on the west ramp adjacent to taxiway bravo. There are tie downs on the west ramp. Atlantic Aviation will deliver fuel.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
