

If You Fly - We Cannot

The presenters will describe the use of TFR's and Fire Traffic Areas by agencies engaged in wild land fire suppression and containment to protect the emergency response aircraft. They will provide strategies that GA aircraft can use to safely avoid this very congested airspace.

Directions: The Federal Pavilion is along the flight line adjacent to the homebuilts and 1/2 way between Warbirds and Conoco/Phillips Square

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
