

IMC Club Meeting - Mastering the Art of Instrument Navigation

EAA's IMC Club provides organized "hangar flying" focused on building instrument flying knowledge and skills. The club promotes a safety culture through continued education and believes that we develop safety and proficiency through education and real life experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips. You do not have to be an instrument rated pilot to attend. Membership in EAA and a local chapter is encouraged but not required.

Directions: Bode Conference Room, 2nd Floor of FBO, next to restaurant

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
