

## NMPA Mountan Flying Clinic

Approximately two hours of pre-work and an eight hour ground school covering all the topics you need to safely plan and execute a flight into mountainous terrain. Day two is optional with a 4-6 hour flight (depends on aircraft) into the southern Rocky Mountains to apply the ground school lessons. Day three is an optional "roll your own" flight into the Rocky Mountains.

**Directions:** Ground school will be on the southwest side of the airport, near Cutter Aviation. Contact course coordinator for directions.

Registration and detailed information is available at <http://NMPilots.org>

Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines.
