

# NOAA SAWS 9 - Aviation Weather Hazard Recognition and Mitigation or Avoidance

2019 FAA National CFI of the Year Gary Reeves will explain the top three weather mistakes that pilots make and how ATC can help. NAFI MFI Fred Gibbs, and NWS Meteorologists Joe Jurecka and Harrison Sincavage will discuss approaches in low IMC, and recognition and avoidance of low level wind shear.

**Directions:** Registration with the National Weather Service is required. Register at:

<https://www.weather.gov/psr/SAWS9>

Enter through the Lobby Entrance, Then Follow the Signs to the Southwest Aviation Weather Safety #9 (SAWS 9) Workshop.

Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines.
