

# NOAA SAWS 9 - Advancements and Limitations in Satellite Weather (NESDIS GOES-R)

NOAA and NASA meteorologist will review the cutting edge weather satellite imagery and products, and explain how to access these data. The presentation will review surface weather observations, discuss the limitations of those observations and point out recent advancements.

**Directions:** Registration with the National Weather Service is required. Register at:

<https://www.weather.gov/psr/SAWS9>

Enter through the Lobby Entrance, Then Follow the Signs to the Southwest Aviation Weather Safety #9 (SAWS 9) Workshop.

Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines.
