

EAA Chapter 179 IMC Club - Hybrid Event

The EAA IMC Club provides a "hangar flying" experience organized around instrument flight, in order to promote safety, education, and proficiency.

Every meeting consists of a scenario presentation and group discussion about unusual or interesting charts, changed rules and procedures, and member experiences.

The scenario(s) we will discuss at this meeting is: Handling an emergency while in instrument meteorological conditions.

Bring your EFB, your experience, and your questions, and be ready to participate.

All are welcome. You do not need to be an EAA member or instrument rated pilot to attend.

We will discuss how you can earn ***WINGS*** Credit.
