

NMPA Mountain Flying Familiarization Clinic

Day one ground school provides tools to understand and safely plan for the unique challenges of mountain flying. Day two starts with an optional morning mountain flight and ground school in the afternoon, building on day one and focusing on mountain flight safety. Day three offers a second optional mountain flight. Topics covered include aircraft performance, mountain weather, mountain communications, mountain flight operations & maneuvers, aeromedical issues, risk management, and survival. Optional flight activities on day 2 and day 3 offer an opportunity to fly in the mountains of northern NM and Colorado with an experienced mountain flying instructor. Successful completion of ground and flight portions will earn an applicable WINGS phase.

No GA parking on ANG ramp.

Training room is in first building on right as you enter the ANG compound; gate opens at 10:30am Friday. The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this seminar for all participants. If you need alternative formats or services because of a disability, communicate your request as soon as possible to the person in the "Contact Information" area of the seminar notice. Note that at least two weeks is usually required to arrange services but since the FAASafetyTeam does not control this facility it may not be possible to accommodate some requests.

A message from the National FAASafetyTeam Manager
