

Weather: How Can I Use it To Enhance my Flying Experience

Weather: The state of the atmosphere at a place and time as regards heat, cloudiness, dryness, sunshine, wind, rain, etc. The weather plays an important role in our daily lives. As pilots, we are more in touch with how it works and how it affects our activities. Come to this seminar to remember some basics, learn some statistics, and enhance how the weather can play an important role in our flight planning.

Directions: Please use Lot X174 for parking. Map link below. https://sites01.lsu.edu/wp/parking/files/2011/08/VC_parking_map_FINAL-8_11_11.pdf

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
