

## Bird strikes and The Ramp Check (Automation Dependency)

Bird Strikes continue to claim many lives of pilots and their passengers. Let's find ways to mitigate that danger. Are we relying too much on the GPS, the Autopilot, the FMS, the Glass cockpit to fly the plane for us? Are you concerned that one day soon you will be Ramp Checked by the FAA?

**Directions:** Please use Lot X174 for parking. Map link below. [https://sites01.lsu.edu/wp/parking/files/2011/08/VC\\_parking\\_map\\_FINAL-8\\_11\\_11.pdf](https://sites01.lsu.edu/wp/parking/files/2011/08/VC_parking_map_FINAL-8_11_11.pdf)

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

### Event Details
