

**FAASTeam presents:**

# **IMC Club Meeting - KMSY ATC Tower Tour**

The IMC Club, through its nationwide chapters, provides organized "hangar flying" focused on building instrument flying knowledge and skills.

The organization network promotes a safety culture through continued education and believes that safety and proficiency are developed through education and experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips. Through the FAA Safety Program aviation professionals offer informative WINGS presentations. You do not have to be an instrument rated pilot to attend. Membership in the international IMC Club is encouraged but not required. For more information and to attend this event, click the link below and register TODAY!

**Directions:** This meeting will consist of a tour of the Air Traffic Control Tower at KMSY. The tour will start promptly at 3:30 PM CST. You must be parked, inside, and checked in by security at the control tower by 3:30 PM CST. Enter the airport grounds off Airline Hwy and follow Airport Road around towards Rental Car Returns and Long Term Parking. Follow those signs between the parking garages. After going under the bridge, make a left turn and you will see the Air Traffic Control Tower and an entry gate. Drive to the gate, identify yourself and tell security that you are there for the IMC Club tower tour. You will then be granted access through the security gate. Follow the parking lot drive to the right and you will see the main tower entrance door. You must not be late. Please arrive 10 to 15 minutes early.
