

FAASTeam presents:

# **BTR Air Traffic Control Operations and Spatial Disorientation Discussion**

Come and join us from 6:30PM to 7:30PM. BTR Air Traffic Control will present on airport hotspots, new taxiway additions, wrong surface landings, ADSB, and BTR's RADAR system Fusion versus MEARTs.

BTR FSDO will make a presentation on the hazards and risks of spatial disorientation as well as an Introduction to FAASafety.gov and the FAASTeam.

Light snacks and beverages will be provided during the safety meeting courtesy of Signature Flight Support (BTR).

This will be a live presentation and discussion including speakers from the Baton Rouge Metropolitan Airport Air Traffic Control Tower and the Baton Rouge Flight Standards District Office (FSDO). Your participation is encouraged!

If you fly-in and park at BTR Jet Center, please notify the FBO personnel that you are there to attend the FAASTeam safety meeting at the Multiplex and ramp fees will be waived. BTR Jet Center will provide complimentary ground transportation between their FBO and the Multiplex to safety seminar attendees. Fuel is available for purchase at BTR Jet Center (Shell Dealer).
