# Hot Weather Flying

The safety seminar will begin promptly at 09:00. Please be sure to arrive by 08:45 to sign in and find a comfortable seat.

Hot Weather Flying - A significant change occurs when transitioning between operating aircraft in cooler weather months to hot summer months.

These changes negatively impact the performance of aircraft as well as human physiology. Weather patterns also change drastically, creating an entirely different set of challenges as opposed to cooler months of the year. Emmet Bartholomew, FAASTeam Representative will give a presentation that will explore these many changes and address risks and means to mitigate such risk.

An Overview of the WINGS Pilot Proficiency Program will be presented by FAASTeam Representative, Cedric Grimes. Cedric holds the designation of WINGS Pro  
Your participation is encouraged.

Additional Presenter: Matt Rota, Senior Policy Director, Gulf Restoration Network / Healthy Gulf  
Matt will provide a presentation on the environmental health of Louisiana's coastal areas and will discuss the many efforts underway that the Gulf Restoration Network provides to Louisiana in uniting and empowering people to

## Event Details

**Sat, Mar 30, 2019 - 09:00 CDT**  
**New Orleans Lakefront Airport**  
6001 Stars and Stripes Boulevard  
Terminal Building, 2nd Floor  
Conference Room  
New Orleans, LA 70126

**Contact: Emmet Bartholomew**  
**(504) 704-0271**

Select #: SW0391155

Representative Emmet Bartholomew

protect and restore the natural resources of the Gulf Region

SouthWings (southwings.org) is a partner in this event and will provide refreshments and a light lunch for attendees.

**Directions:** If driving, the airport may be accessed from Interstate-10 by either the Morrison Blvd exit or the Downman Rd exit. From the Morrison Blvd exit, drive approximately 1 mile to the intersection of Downman Rd and turn right. From the Downman Rd exit, remain straight. At the very end of Downman Rd, pass beneath the train bridge and turn to the right. The first left turn will be the airport terminal building's U-shaped parking lot and the main front entrance. Parking is free.

If flying, there are two FBO's on the field. Both offer full service to aircraft and access to the terminal building. Please contact your FBO of choice for information on any fees associated with using their services.

The meeting will be held in the main 2nd floor conference room, West side wing of building that is to the left when entering through the main front entrance way. There are two sets of stairs on either side of the main lobby and an elevator on the East side of the lobby that is to the right when entering through the main front entrance.

**A message from the National FAASafety Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
