

BTR FAASTeam presents:

# Hot Air Balloon Ground Crew Training Clinic

Join us for our winter training clinic on Dec 5th, 2020 from 9am to 1pm. We will be training your Hot Air Balloon ground crews on assembly, inflation, and storage of the hot air balloon aircraft. One on one instructors will be present to demonstrate, assist, and answer any questions you may have.

Coffee and Donuts will be served prior to starting the clinic. Bring your gloves and boots. We plan on this being an outdoor activity. Dress for the temperature. In the event of inclement weather, we will move into one of the hangars. The presentation is open to anyone currently crewing or someone what has an interest in being on a crew. No experience is necessary. Visitors are welcome.

“Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines.”

**Directions:** Meet at the clubhouse, 1st building on the left when you enter the airport.
