

DFW Area CFI Workshop: Anatomy of a Murder

An interactive discussion and analysis of a recent GA aircraft accident, emphasis will be on ADM, preflight planning, CFIT avoidance. As part of the program we will use available web based tools like Skyvector.com and learn how to use them as a ground training tool for flight planning and ADM.

Directions: From Dallas: I-35E south to Hwy 67 then Hwy 287 south around Midlothian about 5 miles watch for the airport signs. Turn-off is on the left (Rex Odem Dr.)

From Fort Worth: Hwy 287 South around Midlothian about 5 miles watch for the small airport signs. Turn-off is on the left (Rex Odem Dr.)

Or follow the magenta line on your GPS. Better yet FLY-IN!

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
