

How to use the simulator to shorten Private or Instrument training and prevent Loss of Control.

Join us for a review of Integrated Flight Training. We'll review intergrated flight training process and discuss how to train with a simulator. We'll show you how to reduce Private Pilot and Instrument Pilot training using the simulator.

Directions: By air: American Flyers is located on the east side of the Addison airport on taxiway Tango.
By car: we are located one block north of the Keller Springs and Addison Road intersection. Approximately 1 mile west of The North Dallas Toll Road

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area
