

Know This Before you Hit the Silk

Many pilots wear emergency parachutes regularly, particularly for aerobatics or racing.

But how many of us are familiar with the operation of our parachute system and its proper care and maintenance?

Master Parachute Rigger Marcelo Garcia will provide insight into this critical safety system.

Topics to be discussed include:

Storage and care of emergency parachutes.

Why a repack cycle?

Proper fit.

20 year Canopy Lifetime...yes or no?

Brief demonstration of a system

What if I have to use my chute?

Interactive Q&A

Directions: From Hwy 36, take the driveway all the way south (~0.5 miles). Park at the end of the driveway and come to the building directly ahead

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
