

FAASTeam presents:

B Safe: Operating in Houston Airspace

Stewart Percy, an air traffic controller at the Houston TRACON, will be discussing operations in Houston airspace. He will be discussing the layout, regulations, policies and procedures regarding how aircraft are handled within Houston. This will be a chance for local pilots to ask questions and gain a better understanding of the air traffic control services we all use on a regular basis.

Directions: American Flyers is located next to Gill Aviation (main terminal) at Hooks Airport. The seminar will be held in the American Flyers classroom. FLYING IN: Park your airplane on the Gill Aviation Ramp, and the American Flyers office is right next to Gill Aviation. DRIVING: From I-45: Exit FM2920 west until you get to Stuebner-Airline Rd. Take a left on Stuebner-Airline rd and the main terminal is the first right after the gas station. Park in the parking lot in front of Gill Aviation. The American Flyers office is right next to Gill on the left hand side from the parking lot. From 249: Exit Spring-Cypress and head east. Follow Spring-Cypress until you see Stuebner-Airline Rd and take a left. Gill Aviation is all the way at the end of the road right before 2920. Take a left into the Gill Aviation (Main Terminal) parking lot.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
