

# The Glass Panel Cockpit: Taking Your Airplane From Steam to Modern Avionics

Hank Gibson of Texas Top Aviation will be presenting the different options for swapping out your steam gauge instrumentation for a glass panel. He will also give a brief overview of the latest modern GPS units including: The Garmin GTN 650 and 750, The Avidyne IFD 440 and 540, and The King KSN 770 MFD/GPS.

**Directions:** Main Conference Room

## A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
