

Forced Landings - When, Why and How!

Whether dealing with a precautionary landing, forced landing or ditching, Rick Hill, FAA Designated Examiner; Capt./Ck Airman w/United Airlines, will present some things that may help in the aeronautical decisionmaking process; error management within that process; situational awareness; problem or threat recognition, and using good judgment in resolving the problem or threat. Gain some insight into helping yourself in a stressful situation.

Directions: Located at Sugar Land Regional Airport, Anson Aviation. Turn off Hwy 6 S. onto Terminal Ln, turn first left onto Jim Davidson Rd. and drive to first parking area on the right in the General Aviation Area.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
