

# The FAA Flight Physical - Navigate Your Way Successfully

Dr. Ferron will demystify the FAA process of Medical Certification and offer insights on a number of medical issues. It is as important to 'preflight' before a flight physical, just as it is to preflight before a flight. Presenting yourself for your Aviation Medical Exam can be a very stressful event. Several aspects of the preparation will be discussed, including successful completion of the FAAMedXPress online. Tips will be offered which will make this process less stressful.

**Directions:** Located at Sugar Land Regional Airport, Anson Aviation. Turn off Hwy 6 S. onto Terminal Ln, turn first left onto Jim Davidson Rd. and drive to first parking area on the right in the General Aviation Area.

## A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
