

Flying With Foreflight

ForeFlight is the most popular flight planning program available. Its goal is to provide the pilot with the best pre-flight and in-flight software. With ForeFlight Mobile's rich feature set, the company wants pilots to be more aware of what ForeFlight provides, as well as the best way to access those tools quickly.

Directions: Main conference room on first floor.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
