

SGR FAASTeam presents:

Learn the Regulator Requirements for the Flying Vikings Charity Event

Learn the regulations for donating your time and your plane for charitable events. Flying Vikings' mission is to assist and help improve the lives of children in our community. This program boosts children's attitudes and gives them a positive outlook on life through a 20-30 minute plane ride. The program is designed to immerse children ages 6 to 18 years old with a chronic illness or physical disability into a high flying adventure. Children will be given the opportunity to briefly take the controls of the plane and experience flight. The purpose of the event is to be a fun, relaxed, and positive experience for the children and families.

Volunteer pilots make this possible. If you are interested in volunteering your time flying these children in your aircraft, or assisting us in this event in any capacity, please contact Jay Robinson at Piperpusher@gmail.com

Directions: Located at Anson Aviation, Sugar Land Regional Airport (KSGR). Turn off Hwy 6 S. onto Terminal Ln, turn first left onto Jim Davidson Rd. and drive to first parking area on the right in the General Aviation Area.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
